• 24-Hour Crisis Hotline
• Assistance with Domestic Violence Restraining Orders
• Violence Prevention Services
• Training and Community Education
Current Project:
The AWP Service Learning Team at UC Merced is a dedicated group of students with one common goal in mind: to help A Woman’s Place stay up-to-date with technology so that AWP can continue to run a smooth and efficient operation of providing shelter and aid to victims of domestic and sexual violence.

Who We Are:

The AWP Service Learning Team plans to continue to keep AWP up-to-date with their technology so that they can maintain an efficient, well-oiled machine. The team is also looking at creating a new database for AWP that is built to their specific needs and can be easily synchronized between all of the AWP computers.
